

**IFC Delegates
Meeting Agenda**

2/26/09
7 PM

I. Guests

- Christie Richards – PHC President.
- There is a sexual predator on the loose who has attacked several women.
- Several ways we can help limit this include chapters encouraging their men to walk women home and for chapters to post sketches of the predator to remind them to walk home with someone.

- Will Smelko:
 - There are a lot of teams but very few members of teams in Relay for Life, so we need to get more members on teams.
 - There are funds available for chapter philanthropy events to get assistance, so contact Will at willsmelko@gmail.com to find out more information.

II. Roll call

III. President – Kabir Seth

IV. VP of Internal Affairs – Alex Van Zant

- Only about half of chapters have updated their information on CalMuse, so chapters and presidents will be contacted very soon for information.

V. VP of Risk – Omead Barari

- There are some ways to hold events while on social probation, especially philanthropy ones, so being on Social probation is not the worst thing in the world as long as you openly communicate with Omead and campus officials about going through the proper channels.

- Major goals this semester are to go through the Social code line by line and revise it.
- In addition, assisting houses in getting up to fire code is another major goal.

VI. VP of External Affairs – Jeremiah Douglas

- a) Required information for chapter directory.
 - b) ASUC elections.
 - c) IFC newsletter is meant to be an excellent source of information for chapters and will be more widely distributed.
- Major goals in the long-term are to create a Greek-wide test bank, set up a Greek tutoring service, and create a more sizeable scholarship fund. Another consideration is creating a newsletter to send out to parents detailing some philanthropy and other service events that occur within the Greek community.

VII. VP of Recruitment – Andrew Patton

- a) Evaluation of recruitment program.
 - It seems to be a waste of \$10,000 and that there are alternate methods that can be considered to help chapters recruit.
 - There is an excellent recruiting book called “The Good Guys” that has a lot of helpful hints and could be helpful for chapter Rush chairs. TKE used it and they had the best rush numbers this semester, so it apparently produces results.
 - Arranging speakers in the dorms next fall to encourage Freshmen to join fraternities, creating pre rush events that will allow for people to meet with chapter members before actually visiting their chapter. Capture the flag has been mentioned and any other possible event suggestions would be appreciated.

VIII. VP of Programming – Shaun Lacey

- a) A’s and/or Giants Calgreeks game(s)
 - We are considering going to a baseball game as an event and if we were to take BART, we could save a lot of money and throw more events next semester.
- b) ESPN Gameday vs. UCLA Saturday 6AM.
- c) Sports BBQ days.
 - We could have a Greek-wide BBQ before sporting events this semester and in the future. Some potential chapters who may volunteer to host could be AEPi, Sigma Pi, and TDX.
 - Some year-long goals could be organizing the Greek Olympics better, having ideas available for chapter philanthropy events, a sing-off serenading charity event where money is paid to enter.

IX. Assistant Risk Manager – Anthony James Wright

X. Academic Achievements Officer – Jon Ida

Academic roundtable Wednesday, March 4th @ Acacia, 7PM.

- Will be held at a later date, so email ifc.academic@calgreeks.com for more information. Get academic chairs to do this.

XI. Service Officer – Marty Cunnie

- Send chapter philanthropy information to ifc.service@calgreeks.com for

XII. Special Events Officer – Dustin McKenzie

Paintball.

- March 14th is the tentative date for this event.
- Delegates could be asked to chip in some money, but the main costs would be subsidized by IFC.

XIII. Advisor – Jamie Thompson

- A strategic planning kickoff will be held in 120 Latimer at 1:00 to assist coordinating committee in developing a roadmap for the Greek community through 2020. A coordinating committee comprised of many students and alumni will be making a lot of these decisions, but our input will be strongly considered at this event.

XIV. Delegates – Open Floor

- In VLSB at 8:30, there will be a stand-up comedy philanthropy event for \$3 in advance and \$5 at the door for Sigma Phi Epsilon.
- An on-campus capture the flag event could be pretty fun event that we could consider given proper consideration to Risk Management regulations still being followed.
- This could also possibly be an excellent Recruitment event. Ideas like this are excellent for committees to be brainstorming.

XV. Announcements

- a) Jewish Greek Council is throwing an invite on March 12th @ Blakes. Theme is dress as anything with a P and tickets will start selling next week for \$3 each. Email sjmellman88@berkeley.edu if you have any questions. Non-Jewish people are more than welcome to attend!
- b) AXO Runway is on March 11th at 7PM in 145 Dwinelle. This Friday is the deadline to sign up for teams at a charge of \$50 per team.
