## Summer Housing Tips

The end of the semester means changing rooms, having boarders move in to our chapter houses, and finally taking the time to throw away a semester's worth of accumulated stuff. In order to help chapters deal with this transition period, we have compiled some tips that will hopefully be useful for your chapter and members.

**Unwanted Furniture:** Between seniors moving out for good, other members moving out of the chapter house, and members switching rooms, a lot of "junk" tends to pile up in hallways and backyards. The City of Berkeley will be placing dumpsters on almost every block of the South side campus area for residents to get rid of unwanted

furniture, etc. The dumpsters will be placed starting at the end of classes. Please remember to keep the area around these dumpsters clean in consideration of those whose residences they are in front of.

**Summer Boarders:** In order to keep costs down throughout the semester, many chapters take on summer boarders. However, your chapter should not just take on boarders without thought. If possible, conduct background checks on potential boarders and remember that your chapter is responsible for any incidents that occur because of boarders. Also make sure to have boarders sign a lease so that you are legally able to collect unpaid rent, remove a troublesome boarder, etc. A sample lease is available at [cal-greeks.com/resources/documents](http://cal-greeks.com/resources/documents).

and chapters can easily access important documents and forms. Also, each chapter has their own chapter directory page which they can update themselves, as well as a personal chapter blog to which they can post rush information, or any other information they may want to disseminate to the larger community. Since this website is meant to be a resource for chapters, if you have any ideas for new features you would like to see, changes, etc. please let us know.
